Built:	1967	Length:	55,00 m
Classification:	GL + 100 A4 K	Breadth:	25,00 m
IMO Nr.:	682 685 8	Draft:	2,50 m
Tonnage Measurement:	1701 GT		

Propulsion System:

Main Engine:
Total Power: 1050 bhp (772 kW)
Propulsion: 3 x Screw Schottel

Accommodation:

up to 30 persons

Lifting Capacity:

A – Frame Jack 2 x hook 300 t lifting capacity each
600 t – 30 m above water;
outreach 13,2m
Jib attached to A- Frame 2 x hook 170 t lifting capacity each
A – Frame and Jib can be used as 4 hook lifting System
A- Frame and Jib 2 x auxiliary hook 10 t each lifting cap.

Equipment:

All winches and the ballasting system
Are remote controlled from bridge
stationary and portable diesel and
electric submersible pumps
Total pumping capacity 1350 t / h
4 x diving equipment, incl. above and
below water cutting and welding gear
equipped Machine- Workshop

Bridge:

2 x VHF
Mobile phone GSM
Winch- and ballast controls

Satnav GPS
Radar
Echosounder

Navtex
GPS-Compass
